

Supplementary Table 1

Complications subdivided into twenty-six groups.

Vascular events
Venous thromboembolism
Cardiovascular events
Cerebrovascular events
Major infections
Sepsis
Wound infection
Intra-abdominal abscess
UT* infection
Pneumonia
Bleeding/hematoma
Pleural effusions
Wound dehiscence
GI**-events
Bowel perforation
Anastomotic leak
Ischemia/necrosis
Organic lesion
Bowel obstruction
Intraabdominal abscess
Bowel perforation
UT leakage
UT events
Pancreatic leakage
Fistula
Event lymphatic system

*UT: Urinary tract

**GI: Gastrointestinal
